

MAZDA CX-30

We believe in the power of human potential;
creativity, imagination and the amazing things
we're all capable of when we're inspired.

We believe in taking the unconventional road
and going the extra mile to do work that inspires.

We believe in artisans, designers, engineers and
ambassadors who pour human energy into their work.

We believe in the power of cars to move human emotions.
To awaken senses, heighten reflexes, make pulses race.

We believe the joy of being alive comes from what we
discover on our journey, and the inspiration we find in
every mile.

MAZDA MAKES YOU FEEL ALIVE

THE PURE BEAUTY OF “LESS IS MORE”

Mazda CX-30 clean curves and undulating surfaces, embracing and reflecting the surroundings. Sleek, bold proportions lifting and energizing the spirit. A new departure in the art of creative living.

Inside, the cabin is a study in premium materials and superior craftsmanship. An enticing and intimate space, inviting you to relax and savour every moment. Lavishly appointed, with controls exactly planned around the driver. A perfect harmony of form and function, designed to take you places and reward all the senses.

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

Mazda CX-30 is the compact crossover designed and engineered to stimulate the creative, self-directed lifestyles that make every day so much more rewarding. Equally at home as an easy-to-handle city car or an out-and-out explorer in the wilds, CX-30 adds Mazda's unique driving pleasure to everything you do. And it's not just for the driver: CX-30 offers the space and comfort to let loved ones and friends truly relax and enjoy the journey. No matter what your family's needs, today or tomorrow, CX-30 is the perfect partner ready to meet and fulfil them, in effortless style that is always deeply satisfying. Bring some magic to every road you drive. Mazda CX-30.

SUPPORTING THE SENSES

“Designed around you for greater comfort and intuitive control.”

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

COMFORT IN COMMAND

Your driving position shapes every drive. Mazda is designed around you, with a natural seating position and pedals placed where your foot naturally rests for effortless control. The result is a relaxed, comfortable drive with minimal effort.

HUMAN-MACHINE INTERFACE (HMI)

Mazda's human-centric HMI keeps important information clear and within easy reach, helping you stay focused on the road. Driving information appears in the Active Driving Display and meter cluster, while entertainment and convenience features are accessed through the 8.8-inch centre display.

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

MOTION INSPIRED BY YOU

“Feel more connected with elevated comfort for a truly refined driving experience.”

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

G-VECTURING CONTROL PLUS (GVC PLUS)

GVC Plus is one more way Mazda's human-centric engineering makes vehicle movement more responsive, more confidence-inspiring and just more comfortable. As you enter a bend, GVC Plus momentarily lowers engine torque to transfer weight to the front wheels and enhance grip. Then as you go through the curve, engine torque is restored to shift weight rearwards for greater stability. Finally, as you exit the bend brake force is slightly applied to the outer wheels to help recover straight-line running. This seamless, behind-the-scenes control greatly reduces the need for mid-bend steering corrections, smoothes the effect of G forces to reduce body sway, and lowers stress and fatigue on long drives.

CLEANER, MORE EFFICIENT ENERGY

“Advanced engine technology that balances performance and efficiency.”

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

SKYACTIV-G

Conventional internal combustion engines only harness around 30% of the potential energy in the fuel they consume: the rest is wasted. So Mazda developed Skyactiv-G, a high-efficiency engine that compresses the air-fuel mixture to a much higher degree than in conventional powerplants, squeezing far more energy from every drop of fuel. This high compression ratio, unparalleled among mass production engines, delivers both sheer driving pleasure and outstanding fuel economy. And it's further enhanced by a raft of innovative Mazda technologies including optimized intake ports and piston shape, split fuel injection and a coolant control valve.

THE SENSIBILITY OF SOUND

“Balanced acoustics that bring comfort and clarity to every drive.”

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

MAZDA HARMONIC ACOUSTICS

Designed to create a quieter cabin by reducing unwanted outside noise while preserving the subtle sounds that enrich the driving experience. Complemented by a 12-speaker Bose® sound system with carefully positioned speakers, it delivers rich, natural sound with impressive depth and clarity at any volume.

REASSURING SAFETY, DRIVING ENJOYMENT

*“Supporting every drive with greater confidence
and peace of mind.”*

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

SAFETY FEATURES

Mazda Proactive Safety combines advanced safety technologies with thoughtful, human-centric design to help you stay aware of your surroundings. Enhanced visibility, intuitive controls, and intelligent driver assistance work together to provide greater confidence, comfort, and peace of mind on every drive.

Note: i-Activsense supports safe driving, but it has limitations and doesn't replace the need for careful attention. The availability of safety features and equipment may vary by market. Consult your Mazda dealer for exact details.

EQUIPMENT

Find your ideal driving position with the driver's power seat adjustment. The memory function allows you to save your preferred seating position, making it easy to return to your personalized setting every time you get behind the wheel.

Experience a greater sense of openness with the electric sunroof, allowing natural light and fresh air to fill the cabin. With a simple touch, the sunroof can be opened or tilted to create a more enjoyable and relaxing atmosphere on every journey.

Keep essential driving information within your line of sight with the Active Driving Display. Projecting key information onto the windshield, it helps you stay focused on the road while providing convenient access to important details such as vehicle speed and driving information.

We believe that a vehicle has something more than just a mode of transportation or a lump of metal. Therefore, we continuously push ourselves in developing SKYACTIV's superior technology and KODO design to achieve this. This is marked by the essence of being one with the car typical of Mazda's Jinba-Ittai.
