

MAZDA 6e FASTBACK

Mazda believes its mission is to bring about a beautiful earth and to enrich people's lives as well as society. The company will continue to seek ways to inspire people through the value found in cars. As one option based on our multi-solution approach that considers the suitability of automotive power sources and energy conditions in each region, we bring to you the Mazda 6e.

With a modern design based on Japanese aesthetics, the Mazda 6e expresses the sense of life and elegance unique to KODO design with a short rear deck and a simple, comfortable coupé-inspired form. The design lets you feel the inherent appeal of cars.

Also, in terms of performance, we have tuned acceleration, braking, and steering so that the car responds linearly to the driver's intent. This achieves driving with the Jinba-Ittai feeling that Mazda is known for. The cabin space is bright and spacious, and was designed using cutting-edge technology to allow the driver to focus on driving.

Inheriting the DNA that has supported Mazda throughout the years, a Mazda-unique design, driving performance, spacious cabin, and more, the all-new, all-electric Mazda 6e takes to the roads.

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

AUTHENTIC MODERN DESIGN

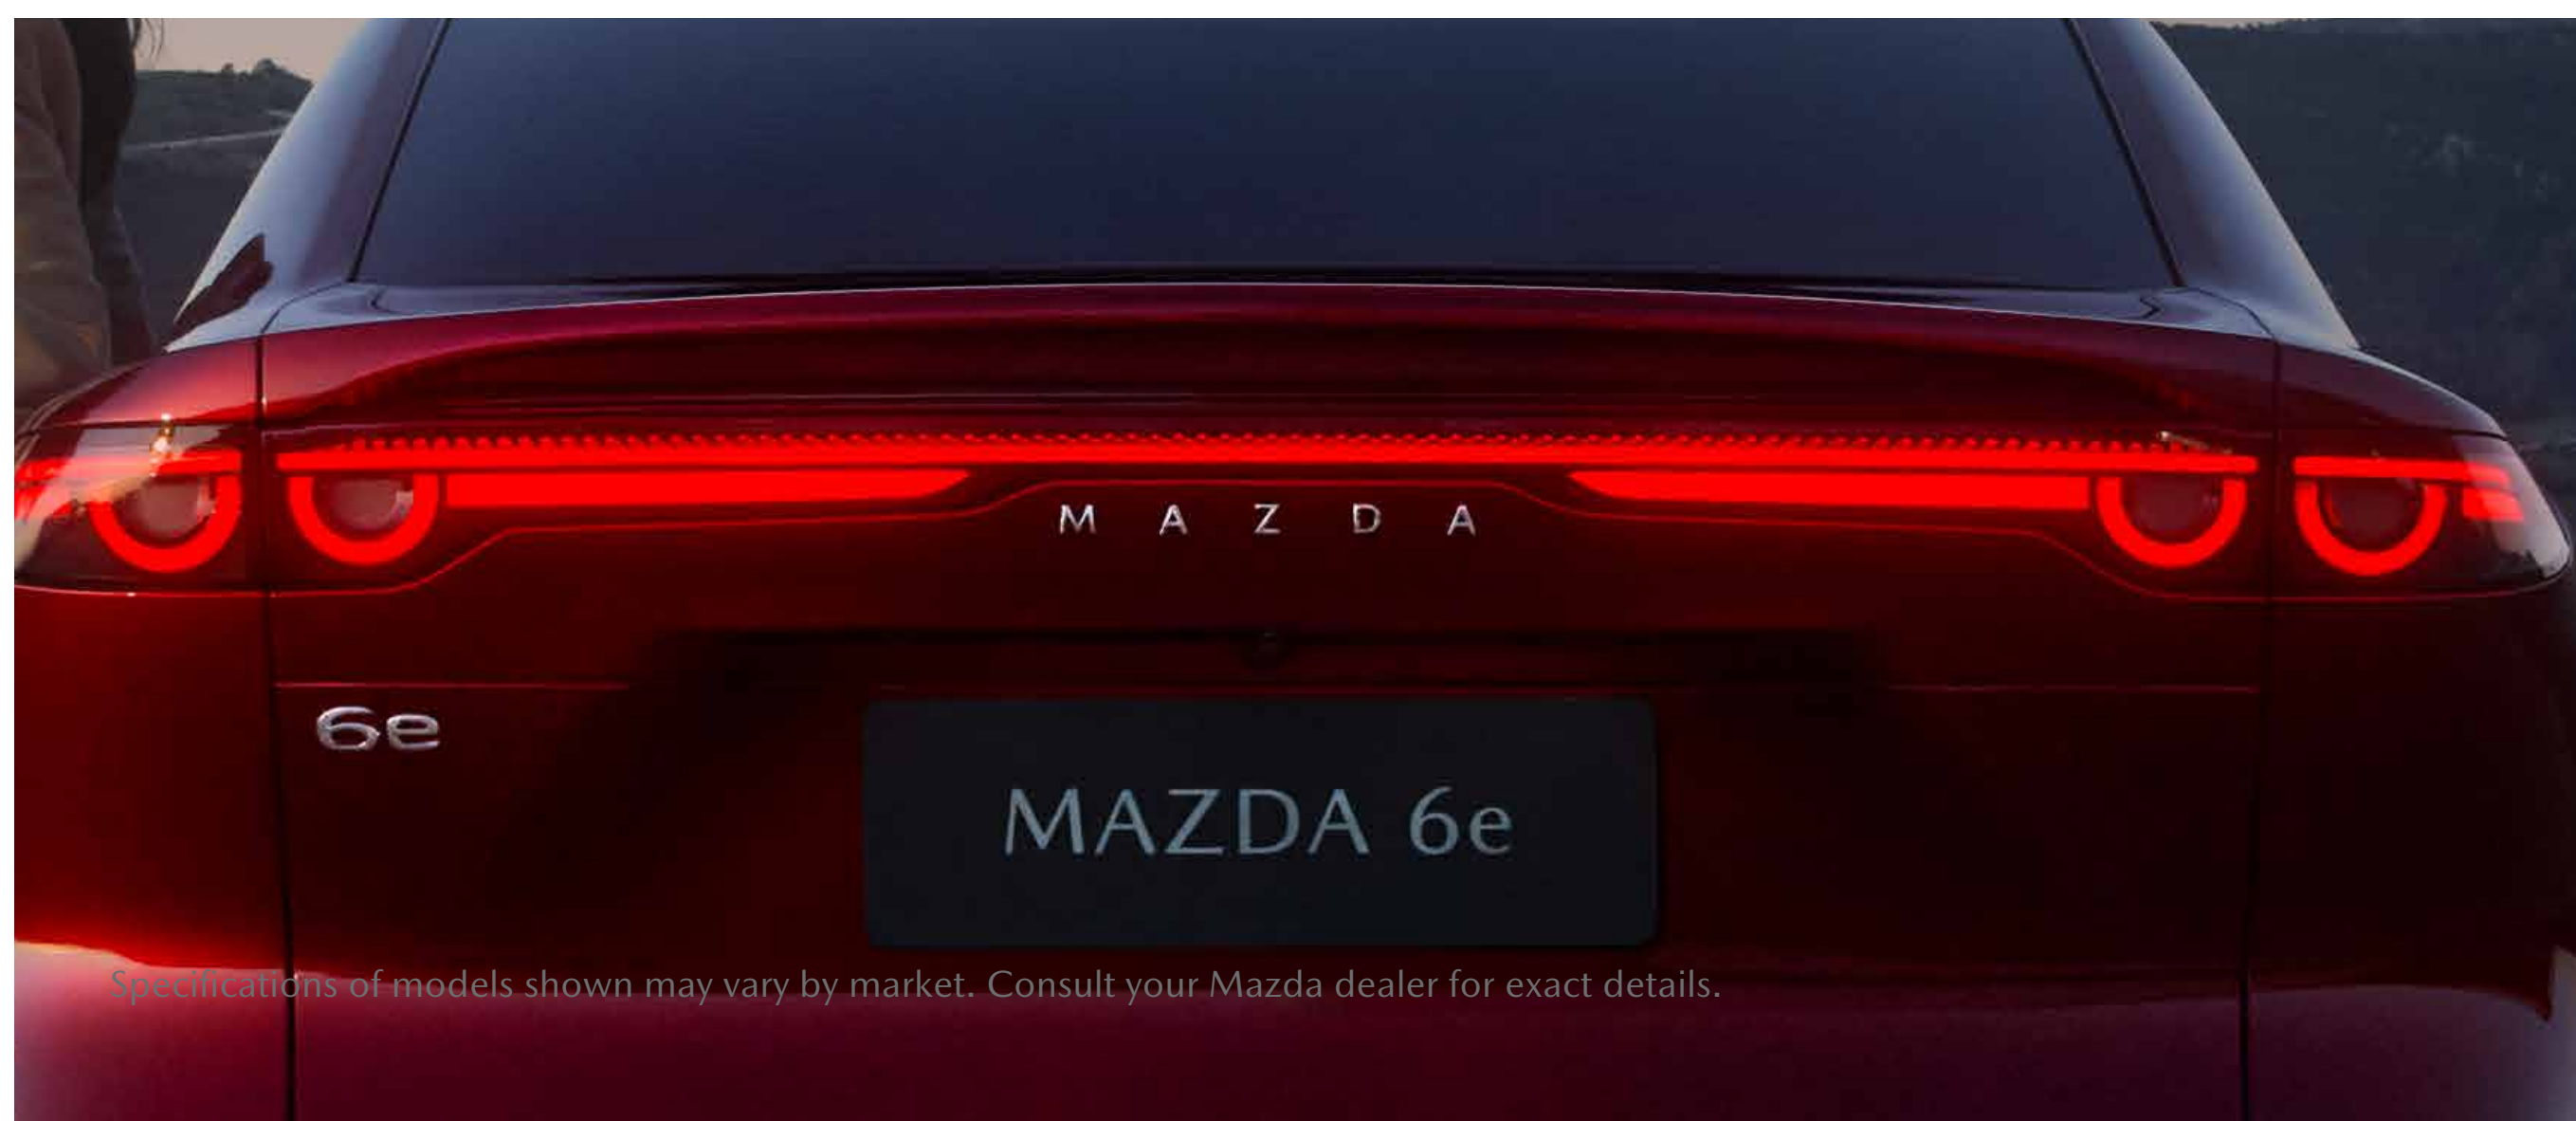

“Modern KODO design expresses elegance, movement, and emotion in every detail.”

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

EXTERIOR DESIGN

Experience Mazda's unique innovative design that adds a modern aspect to the beauty of KODO design.

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

FRAMELESS ELEGANCE

The frameless doors and flush door handles contribute to both the vehicle's spirit of a classic roadster and improved aerodynamic performance.

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

WORLD CAR DESIGN

Reflecting the strength of its design philosophy, the Mazda 6e Fastback was awarded the 2026 World Car Design of the Year, marking Mazda's third achievement in this category following the Mazda MX-5 and Mazda 3.

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

INTUITIVE MODERN TECHNOLOGY

“Smart, human-focused technology for seamless connectivity, confidence, and effortless control.”

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

ELECTRIC REAR SPOILER

The electric rear spoiler automatically rises and lowers based on the vehicle speed. When the vehicle reaches 90 km/h or faster, the spoiler rises to create downforce and improve high-speed stability performance.

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

HUMAN-MACHINE INTERFACE (HMI)

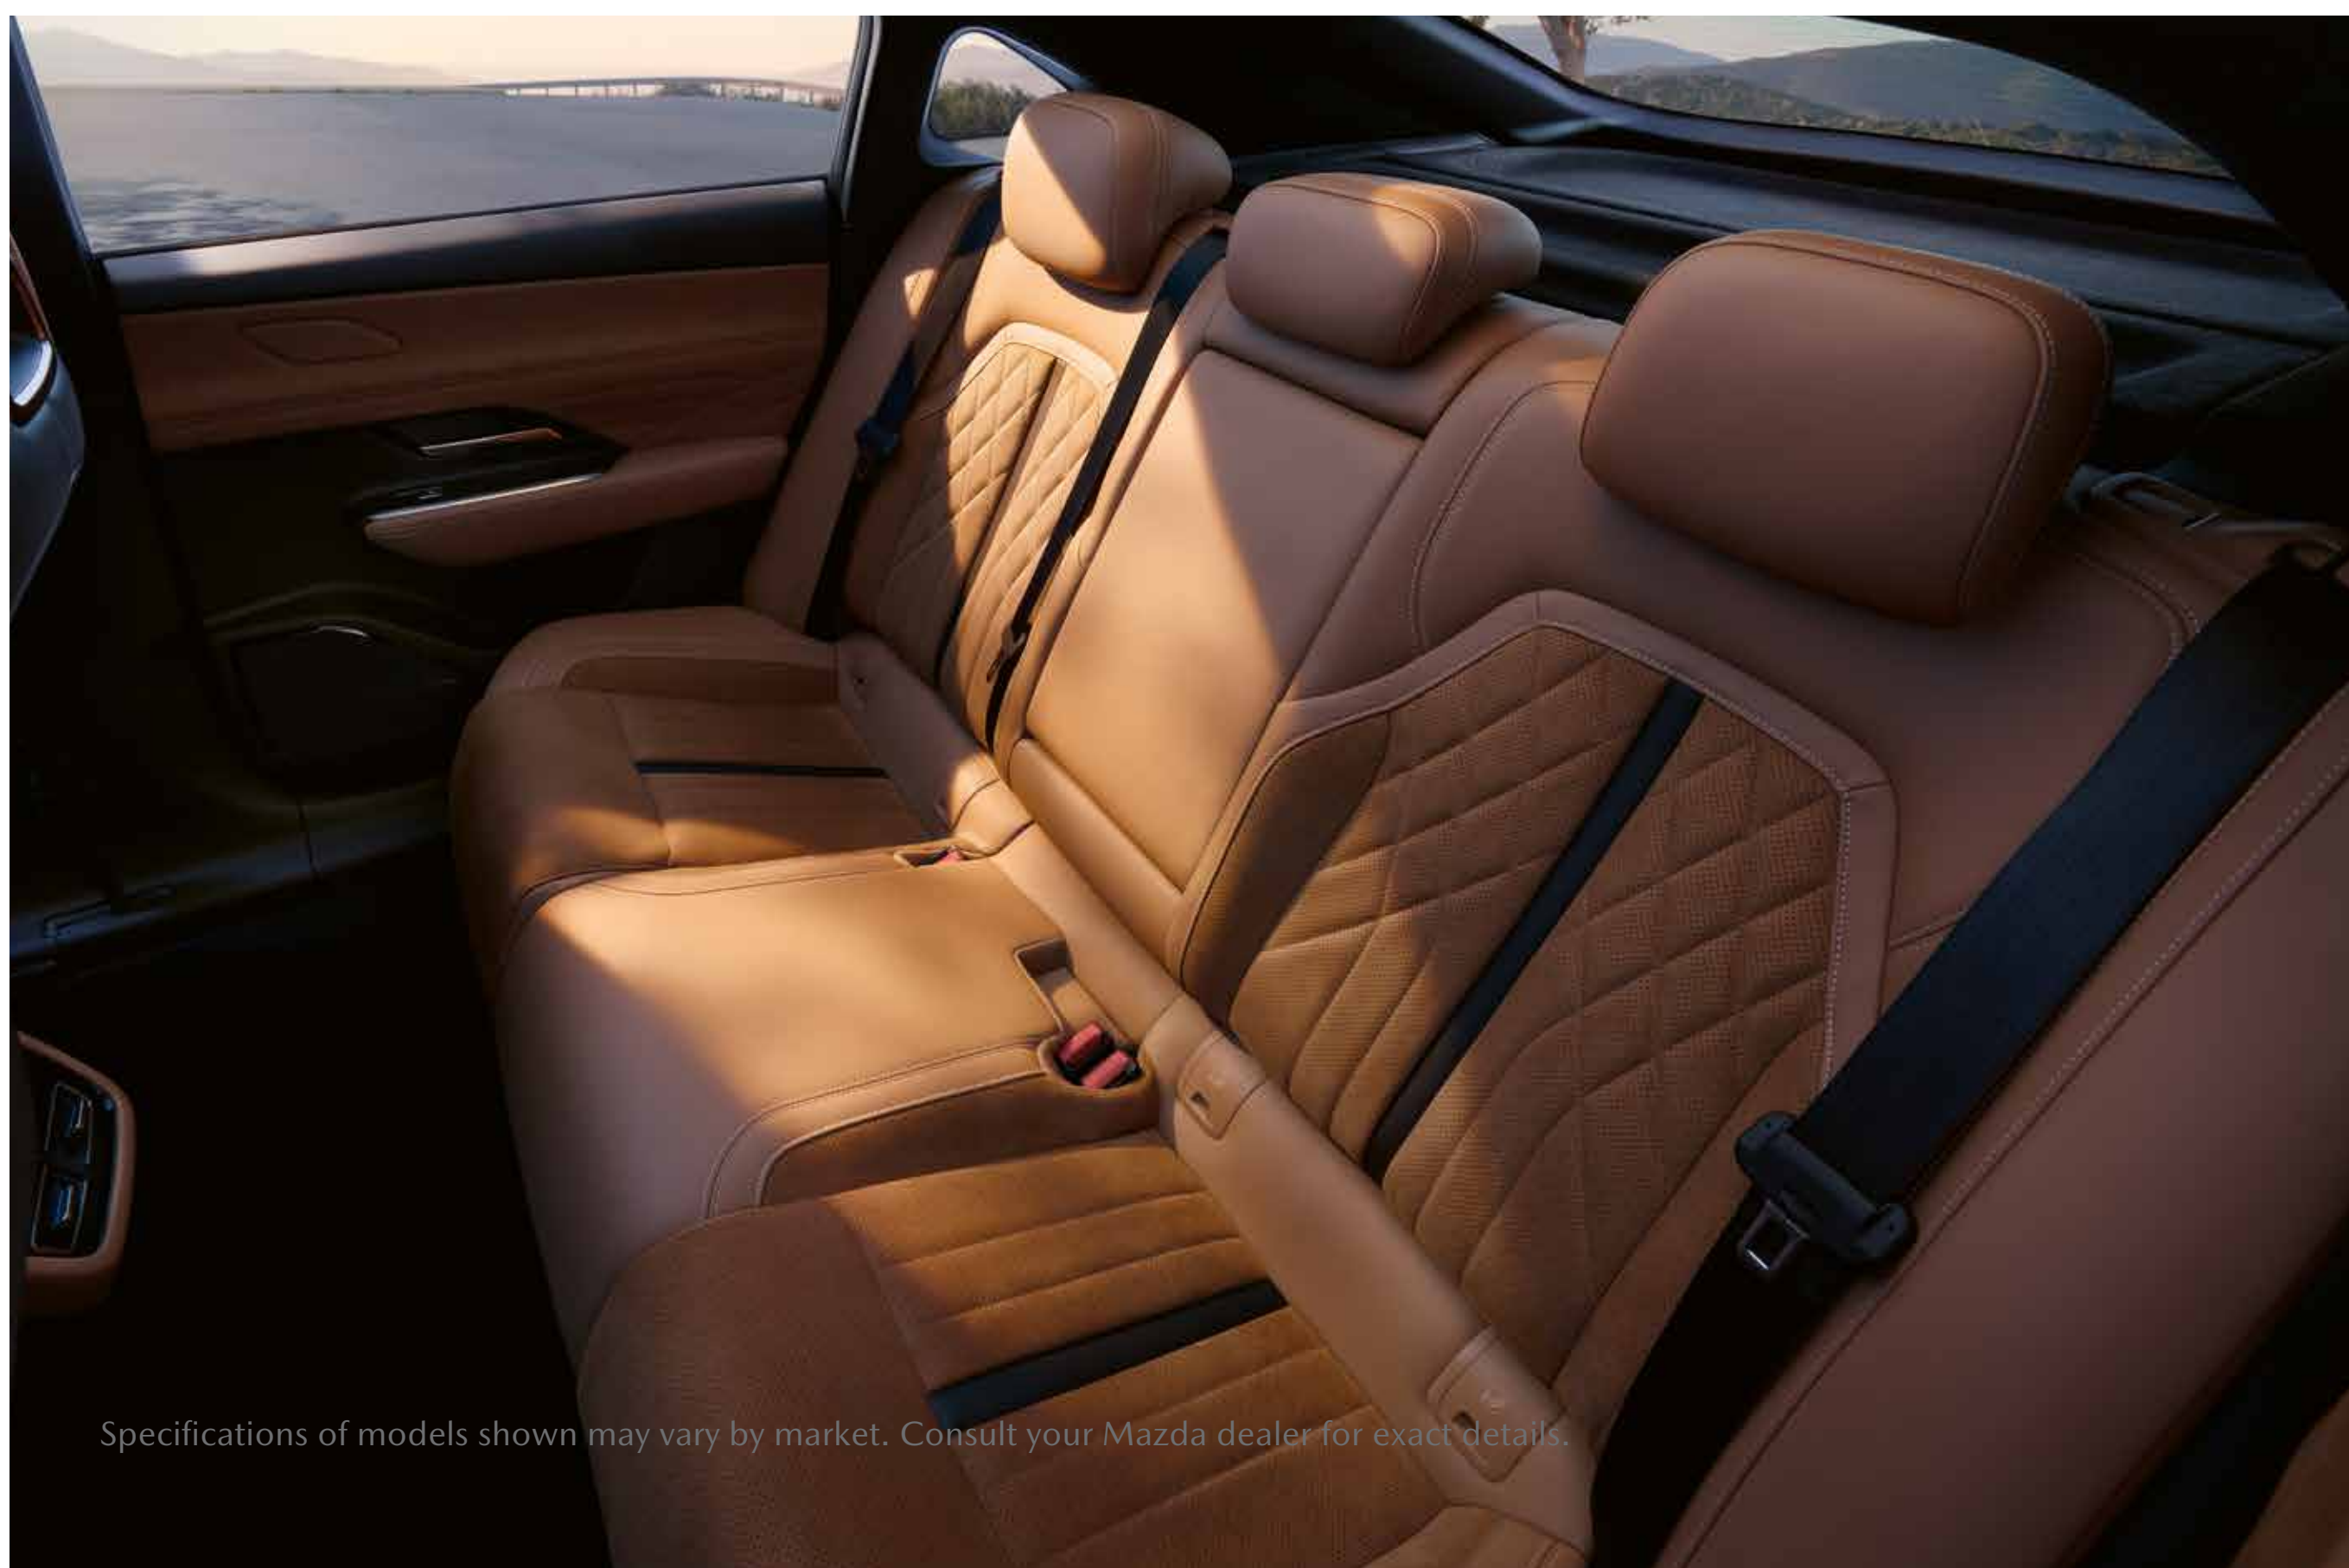

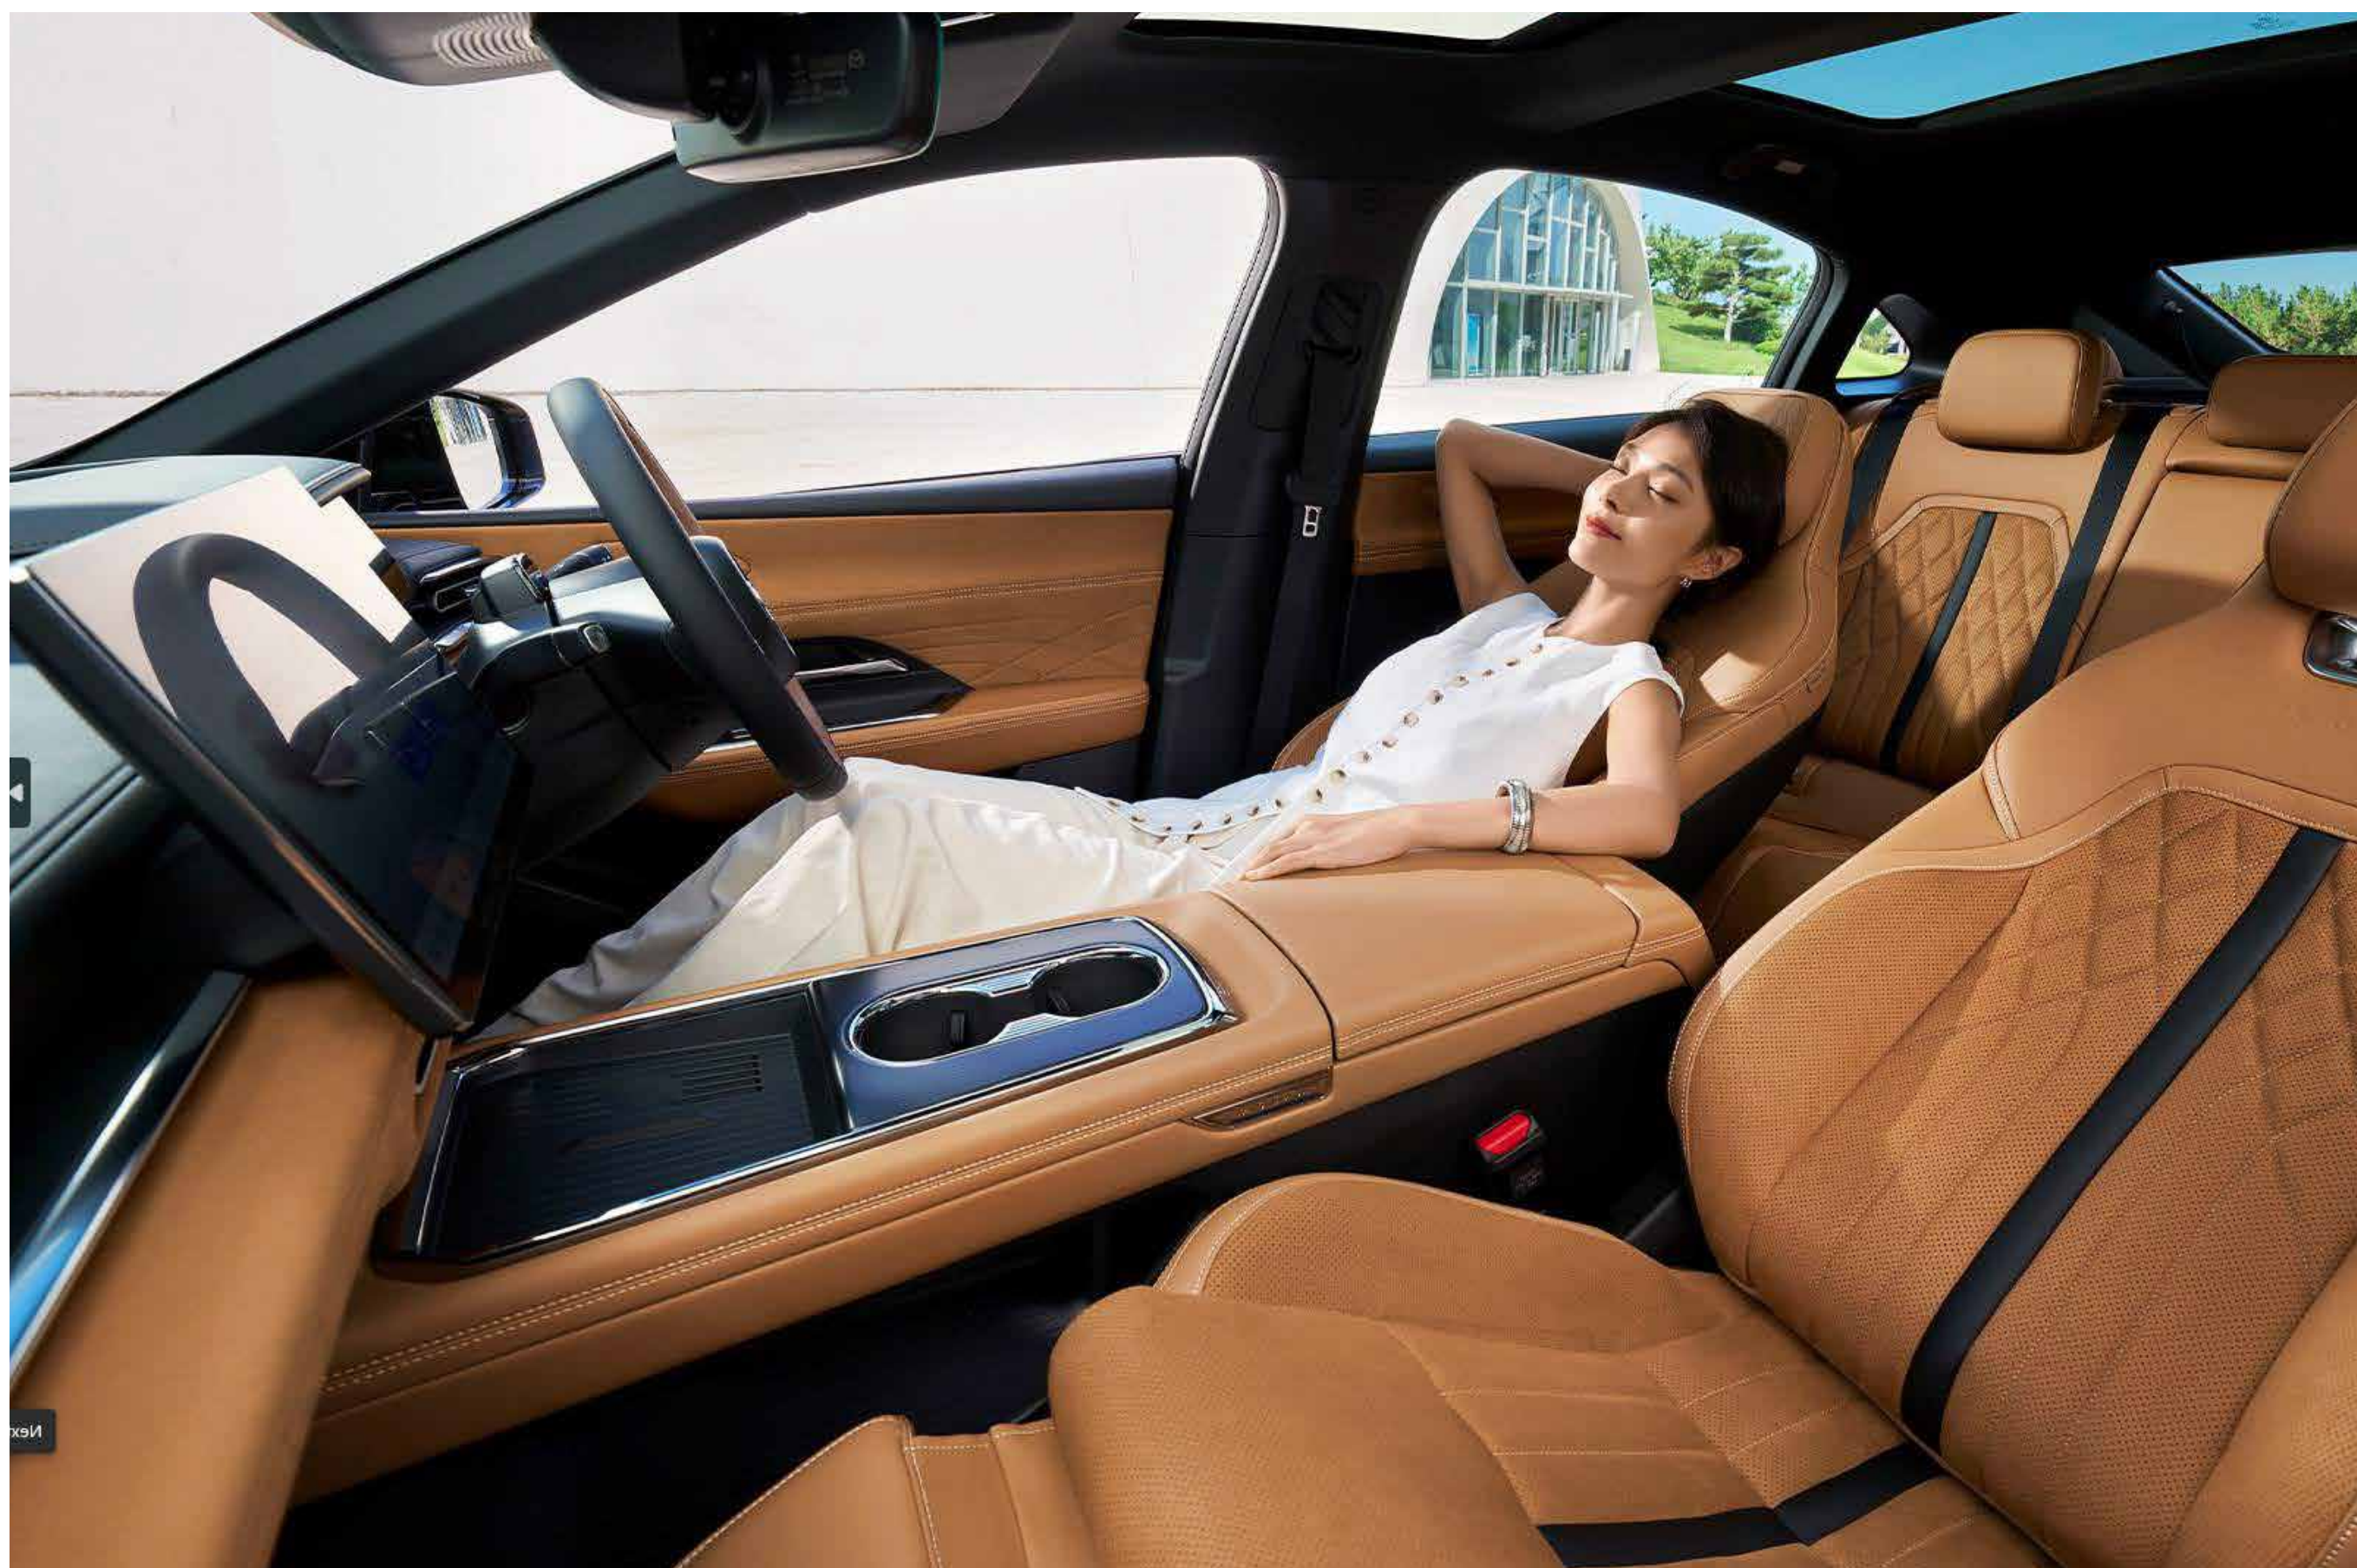

The Mazda 6e's HMI uses a simple information layout based on human-centric design concepts to support driving with peace of mind. The large meter cluster achieves outstanding visibility.

On the centre display, you can intuitively configure your entertainment and other equipment. The AR-HUD (Augmented Reality-Head Up Display), which is projected on the windscreen, places information in the driver's field of vision so that the driver can intuitively grasp the situation.

SCENARIO MODE

You can configure settings for the interior and exterior equipment, seat positions, and cabin temperature for six personalized modes, including Thermostat, Rest, Relax, Car Wash, Private, and Fresh Air Mode. Use the centre display to instantly create your preferred vehicle environment.

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

PERFORMANCE

“Engineered for responsive EV performance, confident safety, and smooth comfort in every drive.”

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

EV POWER

BATTERY CAPACITY

Lithium-ion battery with large capacity of 78 kWh.

DRIVING RANGE

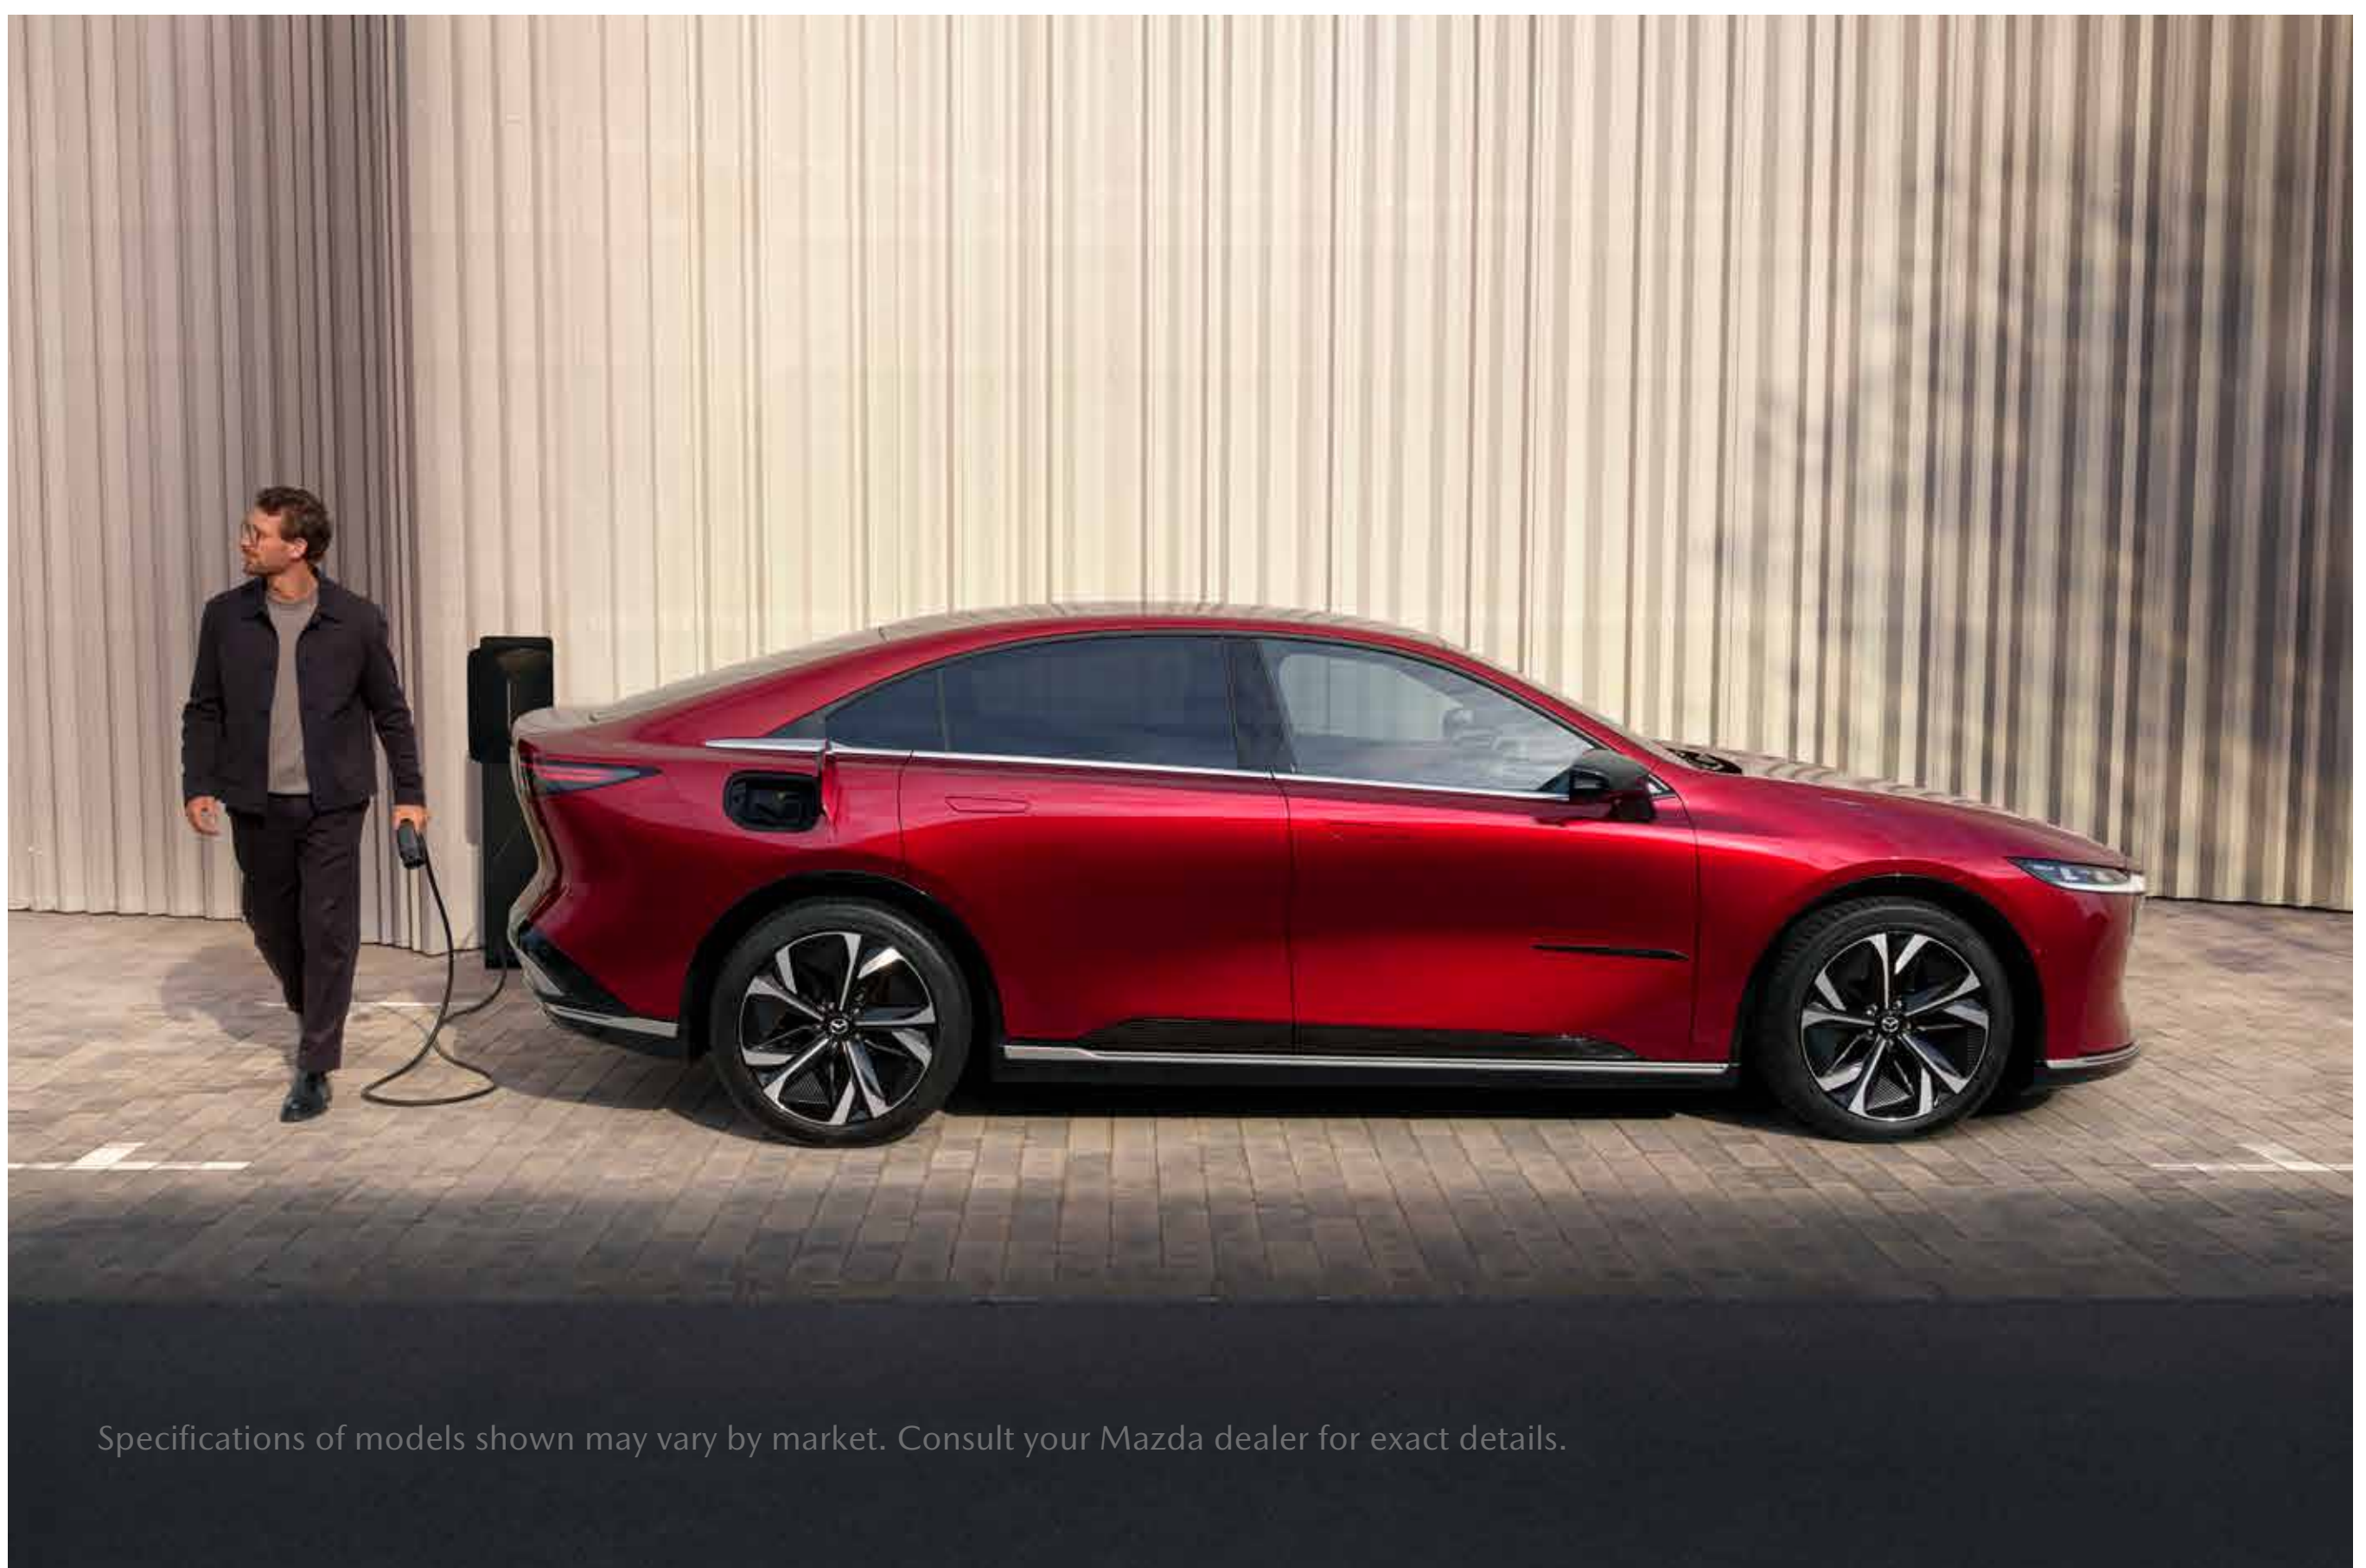

560 km of driving distance on a single charge (power consumption amount based on the WLTP*).

CHARGING TIME

Quick charging from 30% to 80% state of charge takes just 15 minutes.

*WLTP (Worldwide harmonized Light vehicles Test Procedure): Globally unified method for testing fuel economy (electricity economy) and gas emissions for passenger vehicles and the like adopted by the United Nations.

*The power consumption rate is the value under certain test conditions. The power consumption rate varies depending on your usage environment (weather, traffic jams, etc.) and driving method (sudden forward movement, air conditioning usage time, etc.).

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

KEY POINTS TO EXPERIENCE

ACCELERATION

We have optimised the motor output properties so that the vehicle responds linearly to accelerator pedal operations when accelerating, letting the driver feel the car drive as intended and experience a *Jinba-Ittai* feeling. The maximum output is 190 kW (258 PS) and the maximum torque is 290 Nm.

BRAKING

The linear response to brake pedal operations helps you drive with peace of mind. The regeneration braking, which operates when the accelerator pedal is released, has been fine-tuned to deliver a natural and smooth feeling of deceleration. This reduces swaying of the body and head, achieving comfortable movement that helps prevent motion sickness.

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

KEY POINTS TO EXPERIENCE

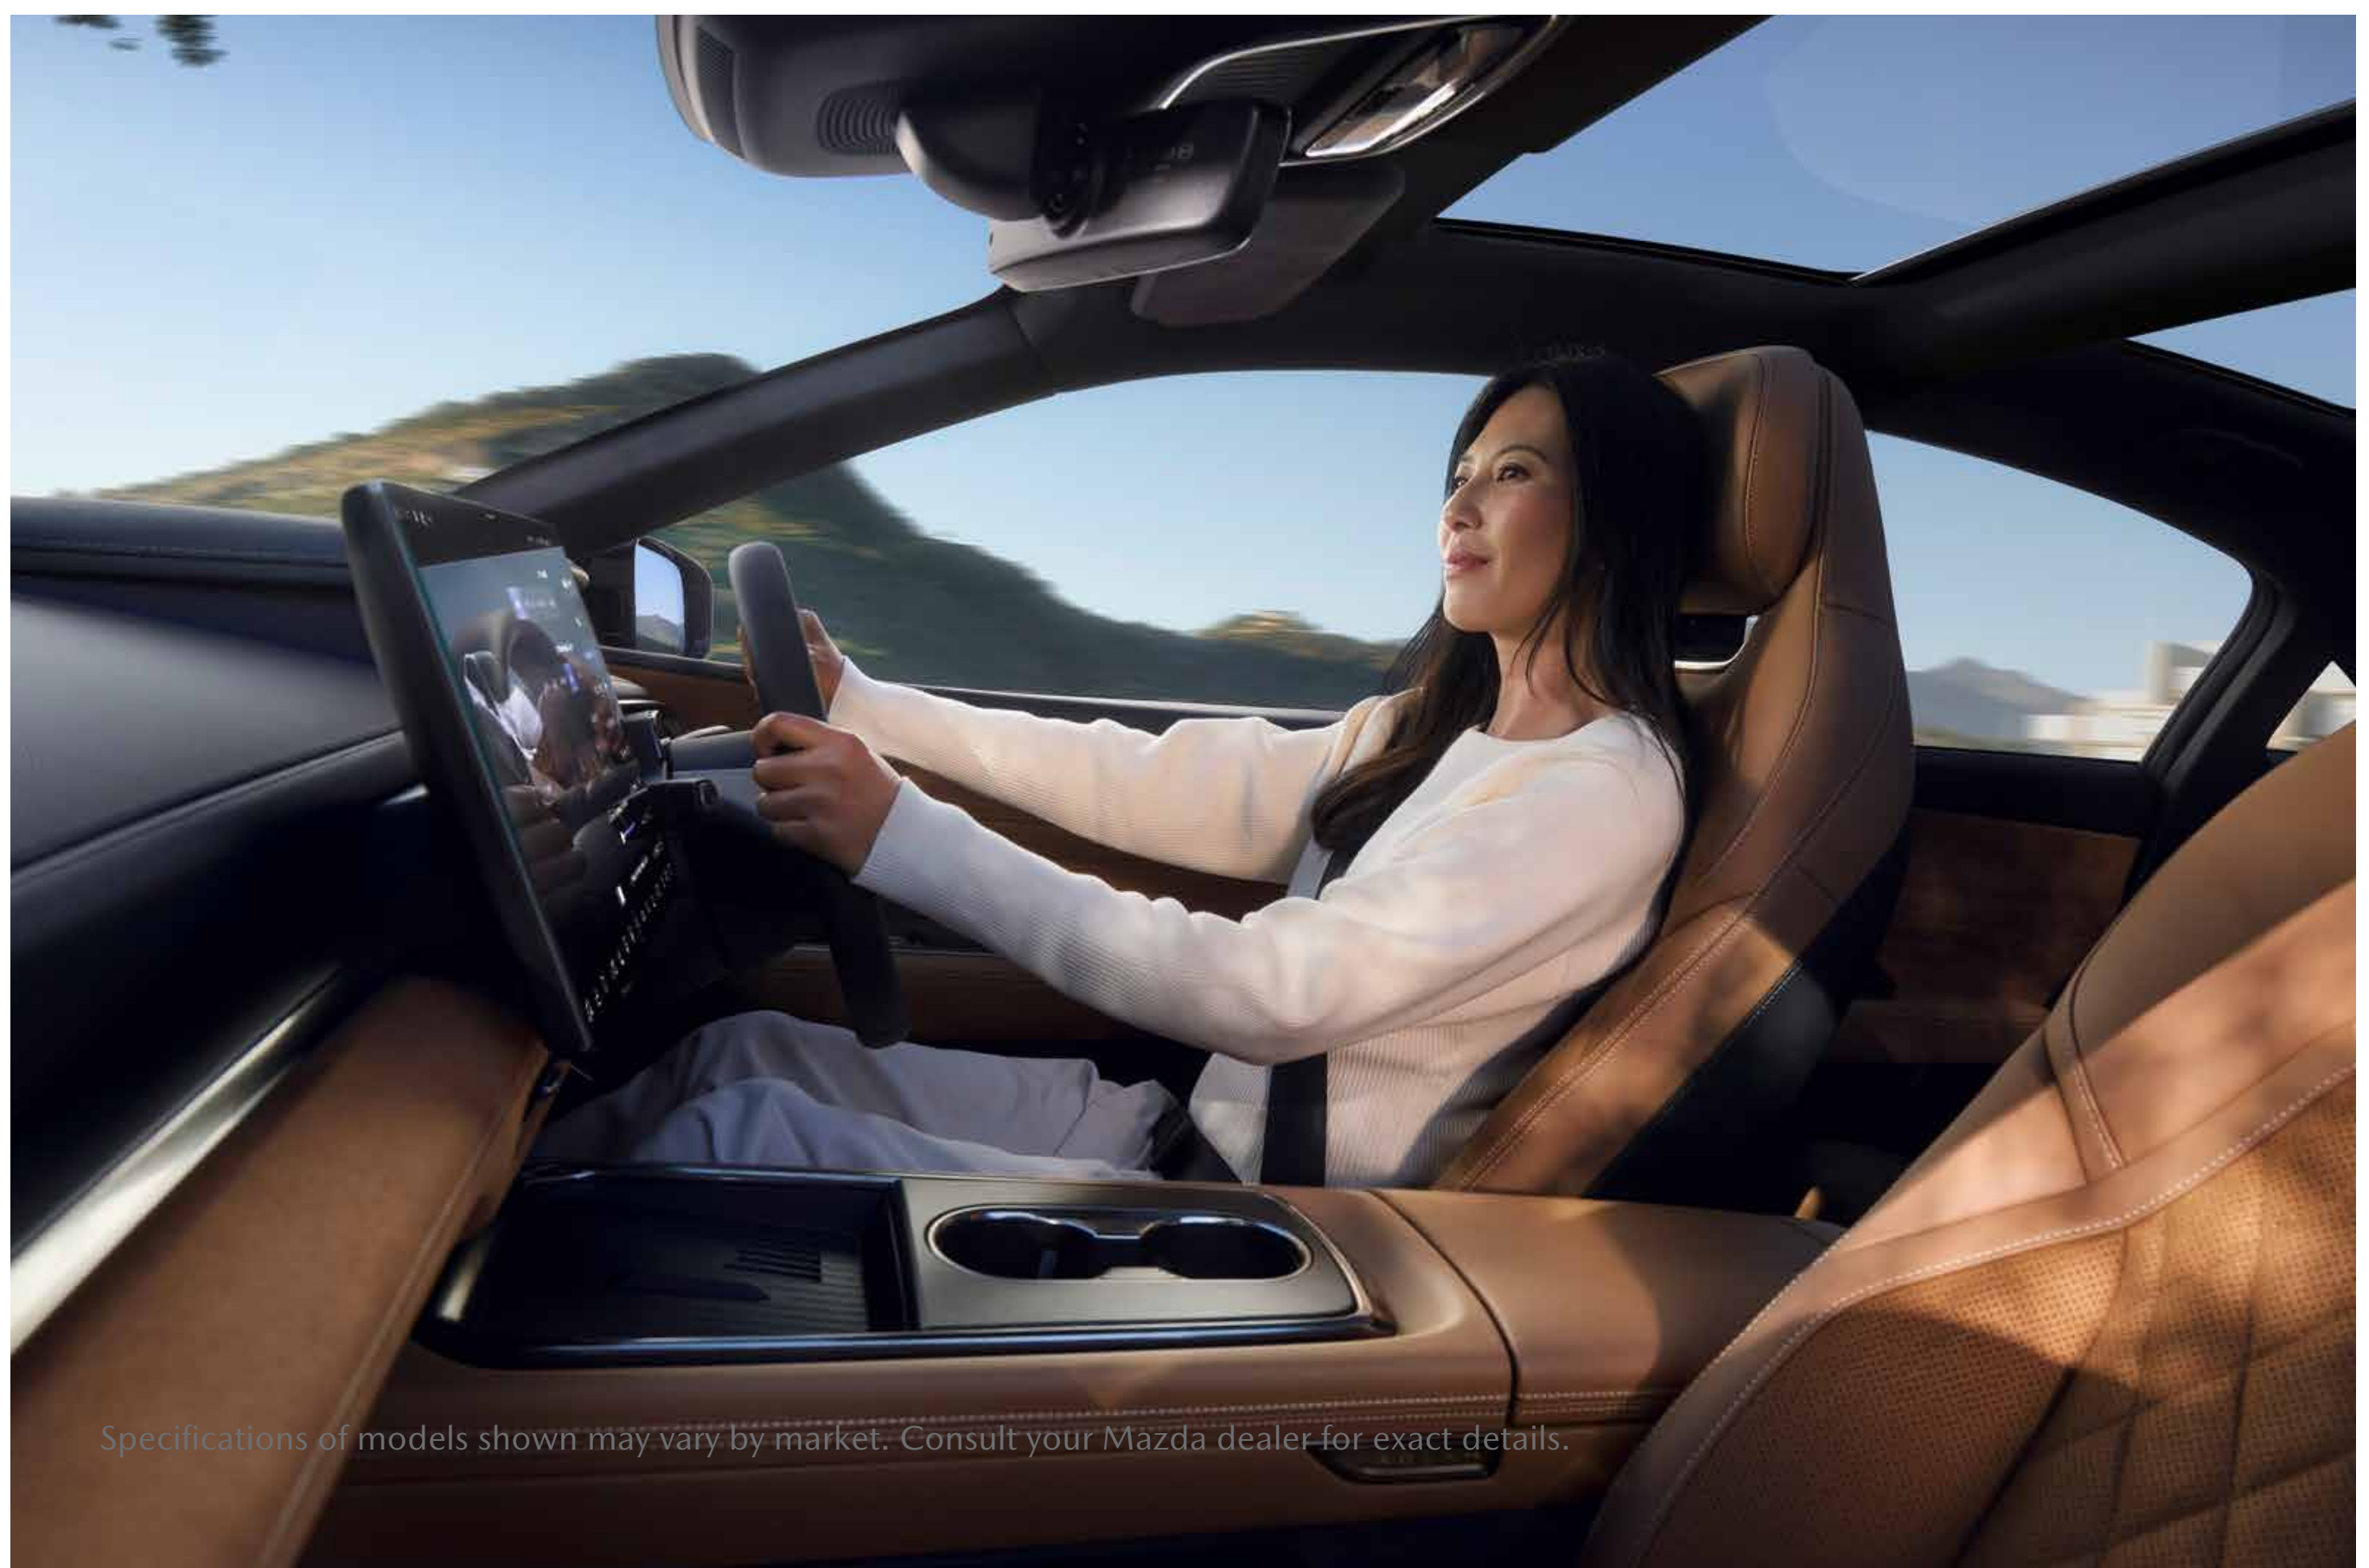

RIDE COMFORT

From the moment you start driving, the vehicle absorbs vibrations from the road surface, achieving a comfortable ride and supporting comfortable driving.

NVH*

This vehicle eliminates road noise and wind noise that occur depending on the road surface condition and vehicle speed, creating a comfortable cabin space that allows the driver to relax while concentrating.

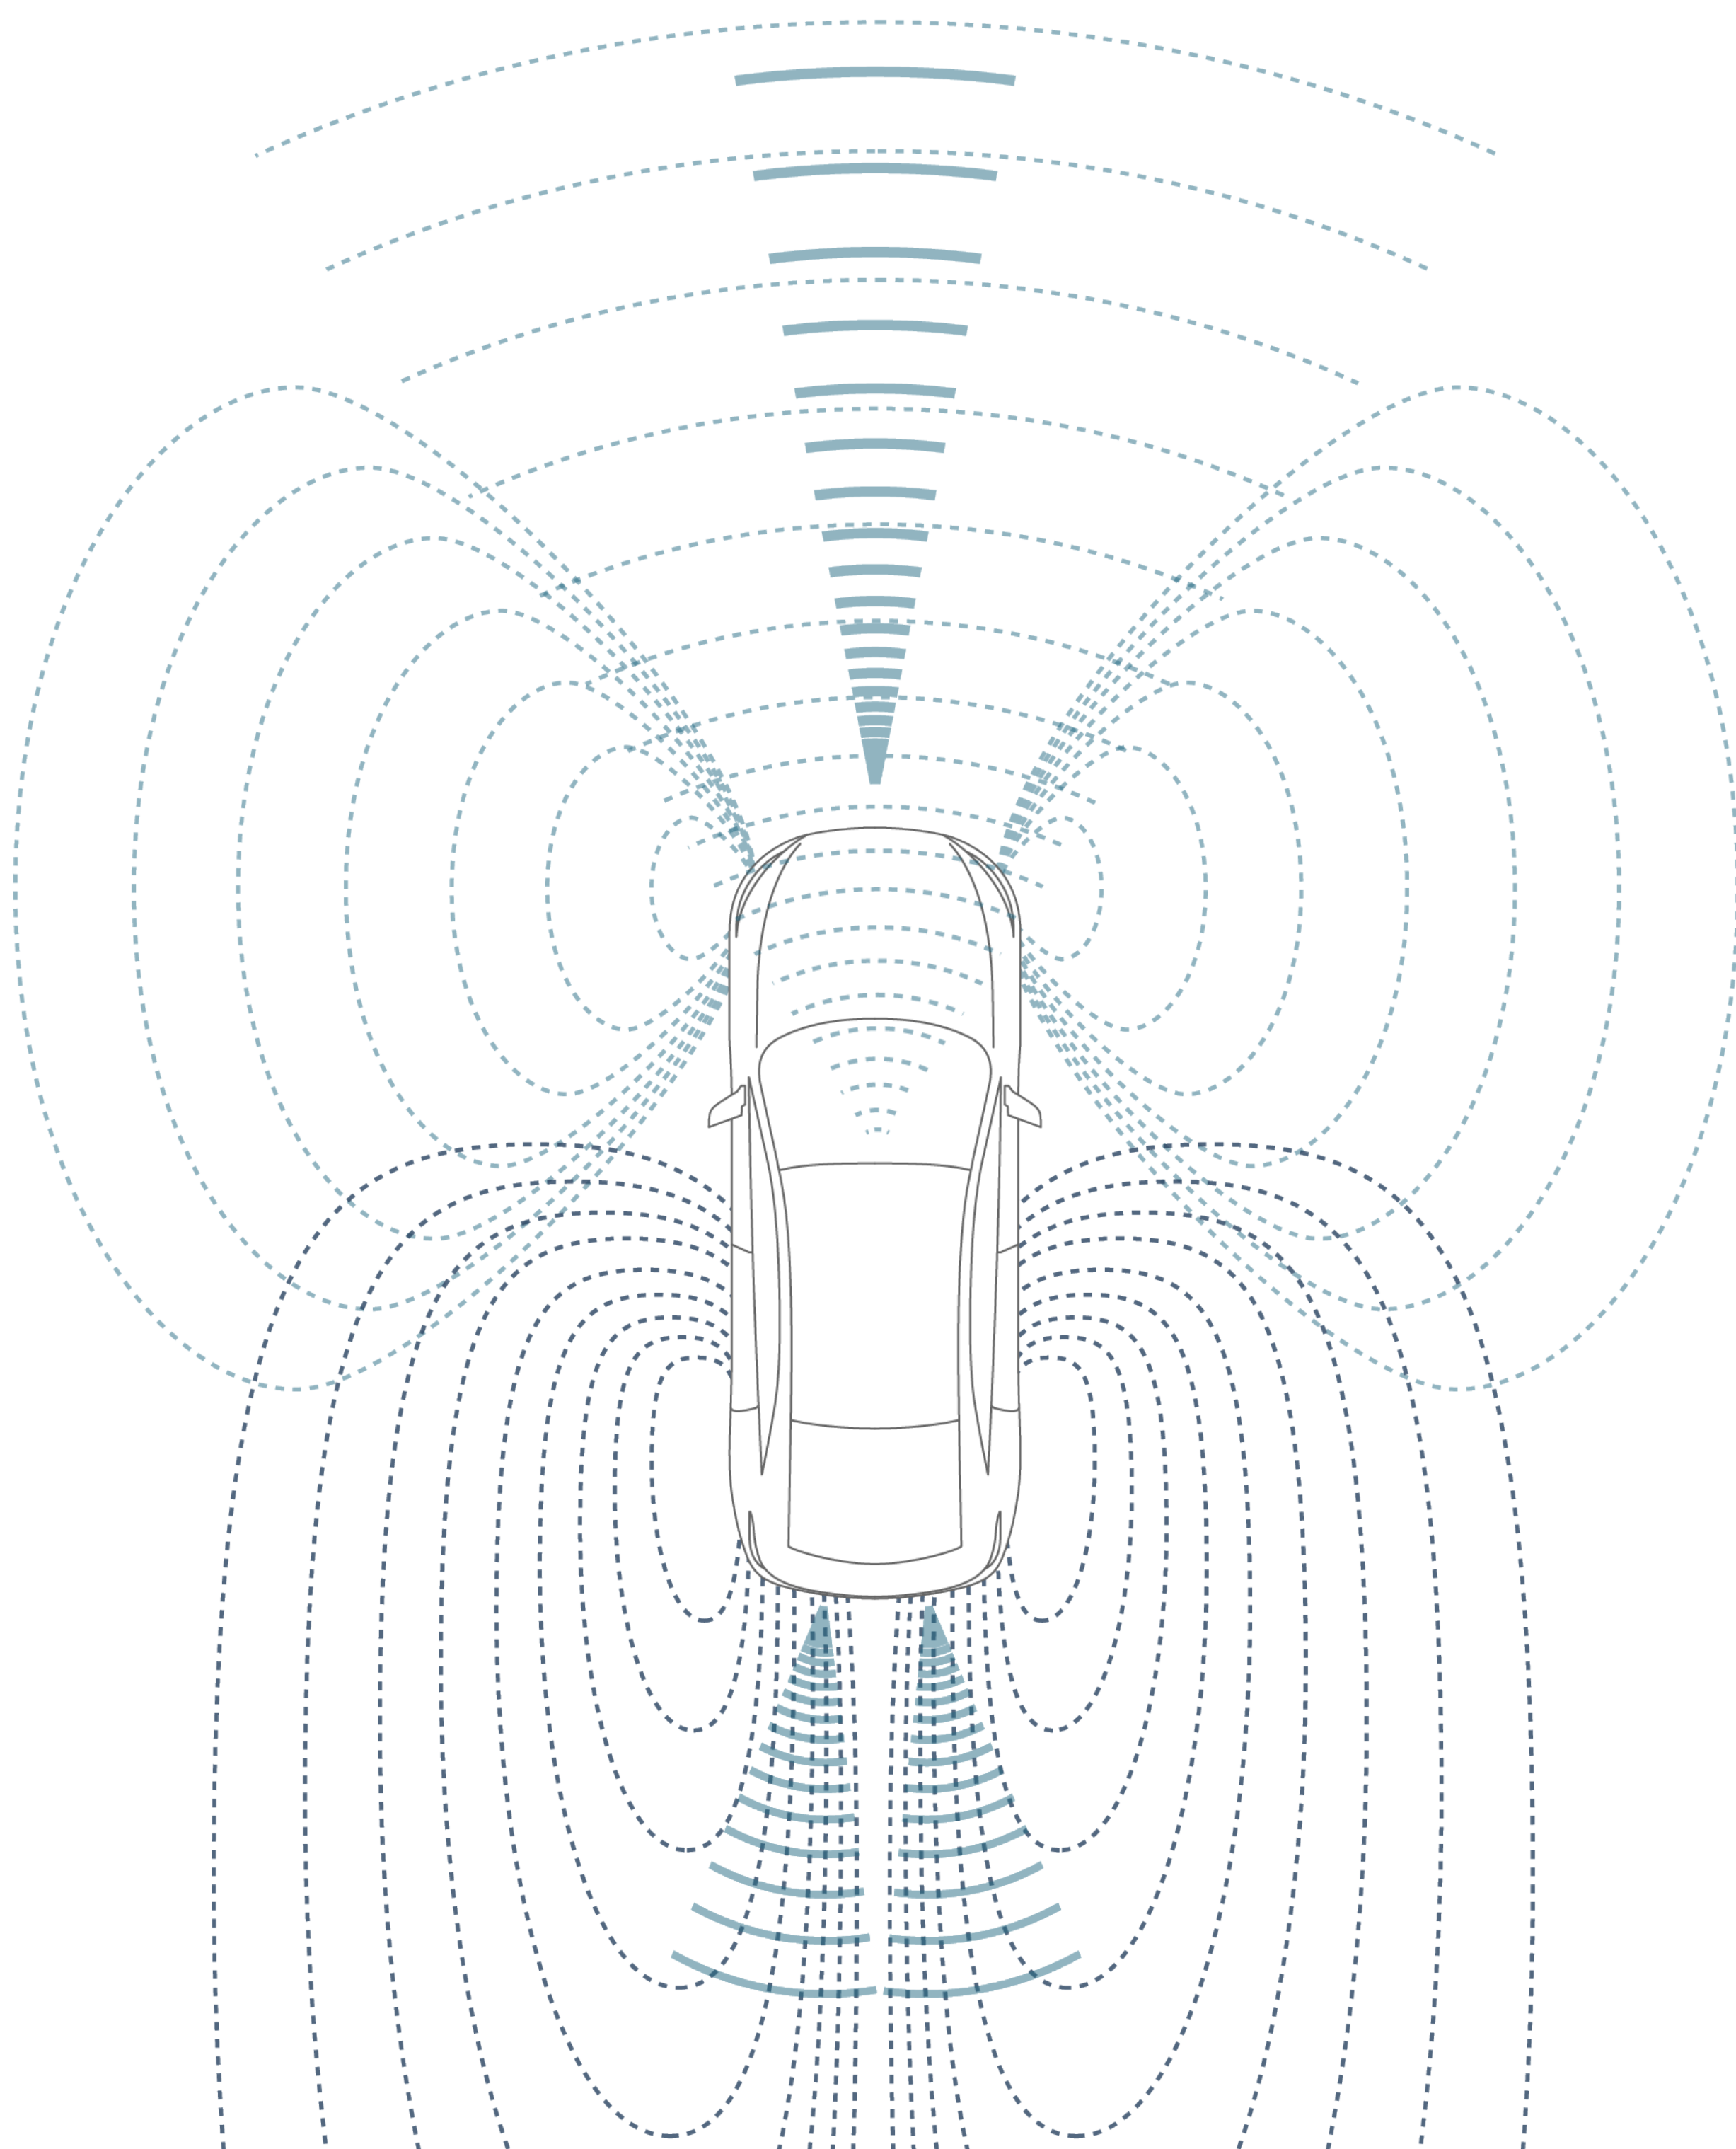

*NVH: Collective term for noise, vibration, and harshness felt by passengers in the car.

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

SAFETY FEATURES

The Mazda 6e's Advanced Driver-Assistance Systems (ADAS) feature high-precision cameras, millimetre-wave radar, and high-performance ultrasound sensors to accurately determine the safety around the vehicle and help achieve user peace of mind and safe driving from the three perspectives of driving support, danger detection, and danger avoidance.

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

BODY COLOURS & SEAT MATERIALS

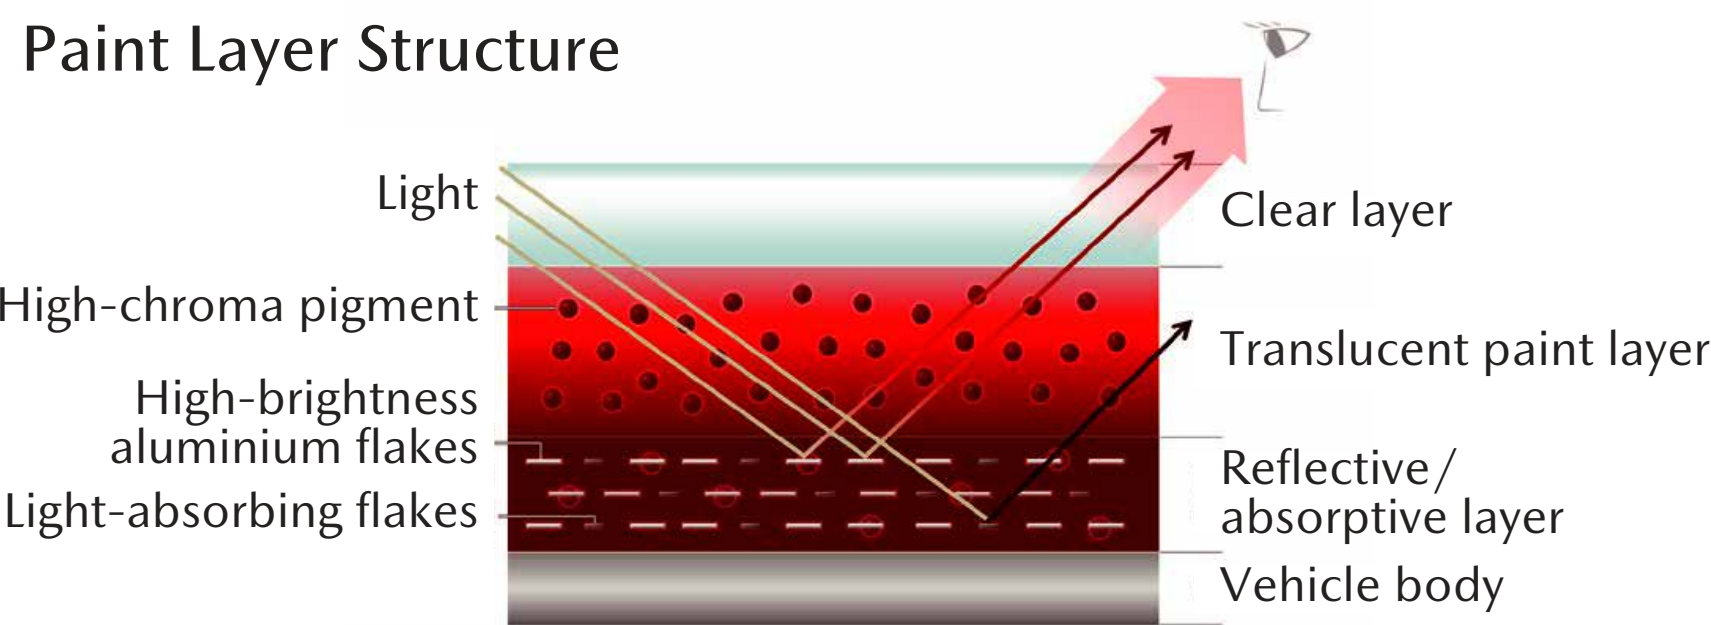

“Where precision meets artistry.”

Specifications of models shown may vary by market. Consult your Mazda dealer for exact details.

BODY COLOURS

Paint Layer Structure

TAKUMI-NURI

Mazda’s unique painting technology Takumi-nuri (takumi: artisan, nuri: painting), with its unprecedented combination of colour, highlights, shade, and depth, further emphasizes the sheer beauty and quality of the dynamic body shape. The lineup includes four Takumi-nuri body colours: Soul Red Crystal Metallic, Machine Grey Metallic, Rhodium White Metallic, and Artisan Red Metallic.

Soul Red Crystal Metallic
(46V)

Machine Grey Metallic
(46G)

Polymetal Grey Metallic
(47C)

Melting Copper Metallic
(52H)

Aero Grey Metallic
(52C)

Jet Black Mica
(41W)

Deep Crystal Blue Mica
(42M)

EQUIPMENT

For the roof, we have adopted a panoramic glass roof* to achieve a feeling of openness in the cabin. Conversely, the Power Roof Sunshade, which can be operated on the centre display and rear touchscreen display as well as by voice controls, blocks out harsh sunlight and mitigates the cold weather.

*The panoramic glass roof features a heat reflecting function. It also cannot be opened.

In the Mazda 6e, passengers in the rear seats can use the touchscreen to easily set a comfortable cabin environment. In addition to operating the air conditioning and opening or closing the Power Roof Sunshade, they can also adjust the position of the front passenger's seat.

Equipped with 14 high-performance speakers, SONY® Premium Audio lets you experience music with a wider dynamic range and higher sound quality. You can also use sound modes that fit the situation to enjoy an immersive experience like that of a concert hall or a cinema.

Notes:

- Availability of equipment/features varies according to country and model grade. Please consult your Mazda dealer for exact information.
- Details and specifications of exterior and interior designs of products shown in this catalogue vary by country and model grade. Please consult your Mazda dealer for exact information.

EQUIPMENT

The Mazda 6e’s ambient light can be adjusted using a rich variety of 64 colours and 6 brightness levels. You can freely create a cabin atmosphere that matches the situation and your preferences, allowing you to enjoy relaxing by yourself or spending time with your family to an even greater degree.

Mazda 6e also has a 72 L high-capacity front boot for even better convenience.

The power liftgate can be opened and closed by operating the gate button or the advanced key. The boot room uses a hatchback style with a high opening height for outstanding loading capacity. The boot room opening was designed to be low from the ground, reducing the physical burden when loading cargo as much as possible.

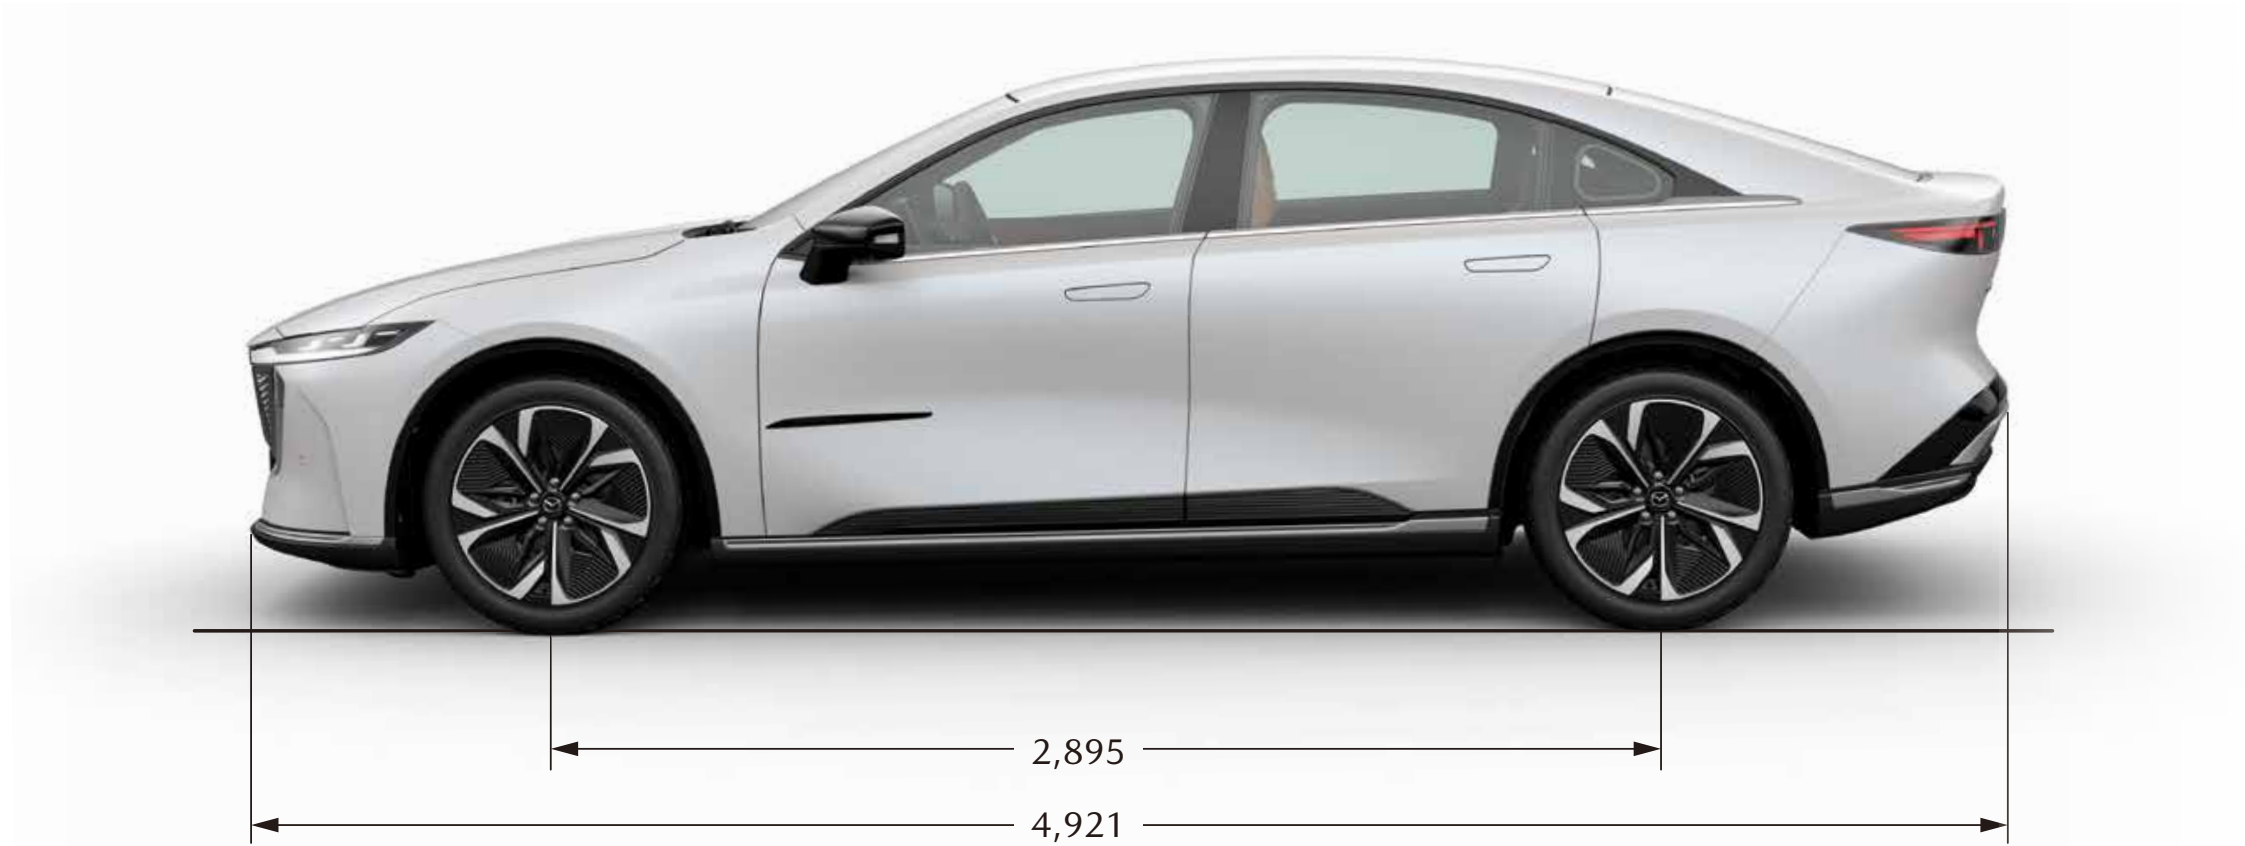

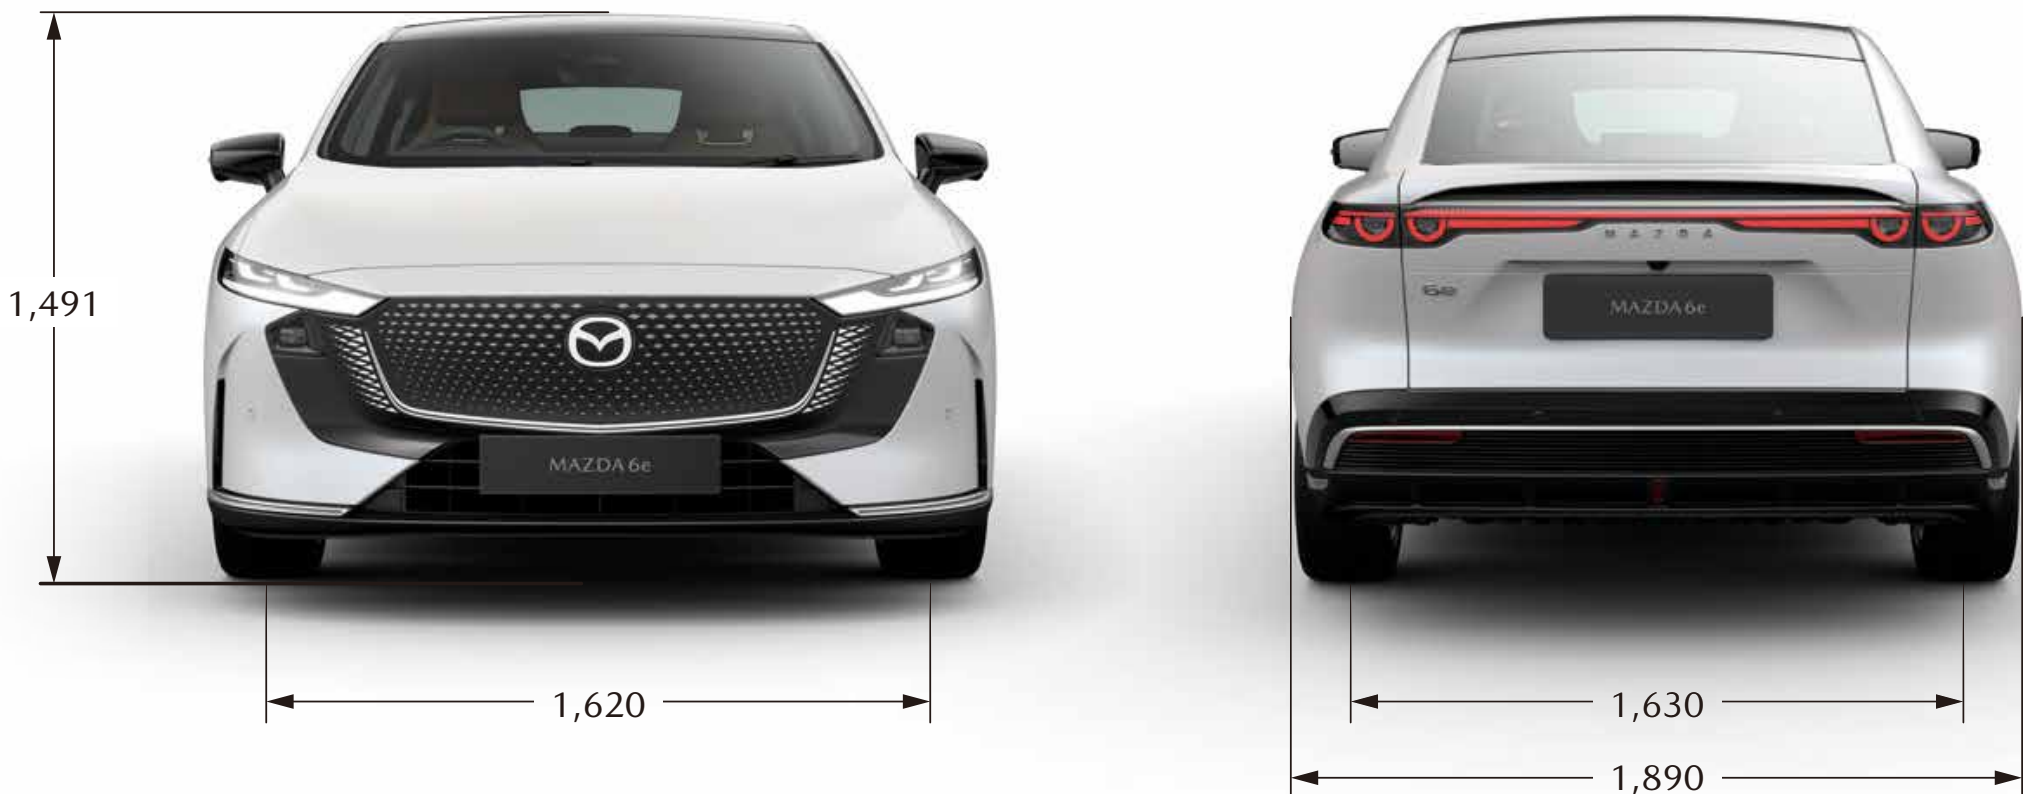

Notes:

We believe that a vehicle has something more than just a mode of transportation or a lump of metal. Therefore, we continuously push ourselves in developing SKYACTIV's superior technology and KODO design to achieve this. This is marked by the essence of being one with the car typical of Mazda's Jinba-Ittai.

MYMAZDA WARRANTY & BATTERY WARRANTY

- Increase driving confidence.
- Mazda BEV models come with a 3 years or 100,000 km vehicle warranty, whichever comes first, starting from the date of car delivery.
- Mazda BEV models come with a 8 years or 160,000 km Lithium-ion high-voltage battery warranty, whichever comes first, starting from the date of car delivery.
- Guarantee of Mazda genuine parts.
- The Emergency Road Assistance (ERA) coverage in the JABODETABEK area is limited to 30 km from the incident location to the nearest authorized dealer. Any assistance required beyond this distance will incur additional costs, which will be the responsibility of the customer.
- The Mazda Owners Club (MOC) card offers special programs hosted by PT Eurokars Motor Indonesia.
